## STOLE POISON AND TOOK IT

Ida Davis, Near Gwynneville,  
Insane, Attempted Suicide  
Yesterday

Double Dose of Paris Green and  
Carbolic Acid—Life Saved  
by the Physician

Miss Ida Davis, of near Gwynneville, took two different kinds of poisons on Monday forenoon by way of making certain in an attempt to commit suicide. She failed of her purpose, however, as her zeal caused her to overdo the work, and the large dose of the different poisons taken worked together to save her life instead of destroying it by causing her to vomit copiously. This action, supplemented by the works of Dr. McCray, of Morristown, who was hurriedly called to attend her, soon brought the unhappy woman back to a realization of her condition.

Her knowledge of the state of affairs, however, has not lessened her determination to destroy herself, and she still insisted in the afternoon when she was able to talk again that she would kill herself at the first opportunity.

Her action is but one of a series of attempts to end her life, as she is insane on this one proposition. She imagines that her time on earth has expired, and that it is God's will that she shall destroy herself. On this theory she was declared insane a week ago by a sanity commission composed of Dr. McCray and Dr. Frank Bass, sitting in the court of Squire Kennedy at Gwynneville, but owing to delay at the county clerk's office in Shelbyville, no action had yet been taken in her case so far as sending her to the asylum is concerned.

At the time she was declared insane, Miss Davis boasted that she would destroy herself before being taken to the asylum, but she has been so closely watched of late that Monday was the first time she had the means with which to make the attempt.

Miss Davis is about 35 years of age, and she has always lived with her mother, a widow, who resides southeast of Gwynneville, on the Rush-Shelby county line.

Mrs. James Ramsy, a sister of the would-be suicide, lives a half mile west of the Davis home. Monday morning while Mrs. Ramsy was calling on her mother the sister slipped away from the home unnoticed and hurried to the Ramsy home, where she stole some carbolic acid and Paris green. She deliberately mixed the green powder in the acid and swallowed a huge dose of it and then hurried down the road toward their own home in time to meet the sister and aged mother, who, alarmed by her absence, had started out to hunt her.

The insane woman met them with shouts of victory wildly flinging her arms and announcing to them what she had done. Her shouts later gave way to agonized moans and groans, and she finally fell deathly sick in the road near her home into which she was dragged by her mother and sister, who called the doctor as quickly as possible.

Dr. McCray stated late Monday afternoon that he believes that the woman will live, though she is in a very weak condition as the result of the experience through which she passed, and besides, her mouth, throat and stomach are so badly burned that it will be several days before she can partake of food in any great quantity.

Nearing End of Hartje Case.

Pittsburg, Aug. 7.—The beginning of the end of the famous and sensational Hartje divorce was begun yesterday when the arguments were taken up before Judge Frazer. It is expected the arguments will be completed tomorrow.

Probable Tragedy at Logansport.  
Logansport, Ind., Aug. 7.—Frank Millstead was shot and probably fatally wounded last night by Frank Ronce. The shooting was the outcome of a quarrel based upon Ronce's alleged undue intimacy with Millstead's wife.

## AGED INVALID PASSES AWAY

Maurice Murphy, Formerly of  
this City, Died at Rich-  
mond Today.

Maurice Murphy, aged 75, who resided in Rushville about twenty years ago, died early this morning at Richmond. He was an invalid for many years. The body was brought here this afternoon and taken to the home on West Third street. The funeral arrangements have not yet been made.

Mr. Murphy was born in County Kerry, Ireland. Besides the widow, Mrs. Sarah Murphy, he leaves two daughters, Misses Minnie and Maggie, of this city, and one son, James, residing in Iowa. He was the father of Daniel Murphy, deceased.

## H. HALTERMAN PLEADS GUILTY

Fourth Street Resident Heavily  
Fined For Beating  
His Wife.

Harvey Halterman, who was arrested by Policeman Price at noon Monday, upon the charge of beating his wife, was taken before Squire Jackson at 4 o'clock Monday evening, in whose court he pleaded guilty to the charge of assault and battery and was fined \$11.15.

The Haltermans reside on West Fourth street. The trouble occurred just before noon yesterday. The trouble is said to have started through jealousy on the part of the wife. Two battles were fought and the neighborhood was wrought up to a high state of excitement.

Dr. Frank Smith separated the couple during their first encounter, and then left the house. The quarrel was renewed, however, and George Campbell, who happened along, was called in to separate them.

Mrs. Halterman intends, it is said, to apply for divorce, while her husband declares that he will never live with his wife again. Each contestant in the fight yesterday was knocked down. Mrs. Halterman's face is somewhat scarred as a result of the encounter.

## BARN IS FIRED BY LIGHTNING

Two Horses Badly Burned on  
the Farm of Marshal  
Bass.

The large barn on the farm of Marshal Bass, two miles northwest of Morristown, was fired by lightning, about 9 o'clock last night, and totally destroyed together with nearly all its contents, including hay, grain and farming implements. Two horses were so badly burned that they will probably die. The loss is estimated at \$1500 with \$500 insurance.

## TO CLIP 10 MINUTES OFF THE SCHEDULE

Announcement came from the office of the Indianapolis & Cincinnati Traction company Monday that the next two weeks will see ten minutes clipped off the running time of the trains between Shelbyville and Indianapolis. This will be made possible by the completion of a long "cut off" at stop 14, near Acton. The ties have been laid and the steel gang will begin work this week.

## TRACTION LINE WAS TIED UP

Big Storm Prevented Oper-  
ation at West End  
Last Night

Heavy Rains Along the Line  
Heavy Rains Here  
Today

Last night's heavy rain and electrical storm tied up the traction line at the western end for several hours. Lightning injured the mechanism at one of the substations at that end of the line and grounded the current. Consequently the cars were unable to run. The nine and ten o'clock cars were annulled. The six o'clock car out of Indianapolis arrived here at 11:30 p.m., the 7 o'clock car at midnight and the 8 o'clock car at 2 a.m.

The water washed dirt on the track in some places and it was necessary to shovel it off before the cars could proceed. The 8 o'clock car, it is said, was held up by water at the Prospect street viaduct, where the L & C. passes under the Big Four.

The storm in Indianapolis was accompanied by much lightning and heavy thunder. The wind was slight.

Dark clouds appeared in the southwest about 5 o'clock, and the atmosphere, which had been heavy throughout the afternoon, became very humid.

A light downfall of rain was followed by a veritable cloudburst. Sewers were choked by the volume of water and the streets were flooded from curbstone to curbstone.

The first heavy downfall was followed by several others, which came at intervals with the suddenness of April showers. These continued until about 9:30 o'clock.

Acton, on the Shelbyville line, experienced a heavy rainfall. Not only at Acton did the storm break forth in all its fury, but all the northern part of Shelby county was deluged by the rain. Gwynneville was cut off from telephone connections.

Lightning played a prominent part in the storm and at one time at nine o'clock, persons on the six o'clock car coming to this city, could see the lighting of two fires. One was near New Palestine, and the other was in the direction of Gwynneville.

The rainfall in Rush county was not quite so heavy last night. But what little rain fell then was offset by the downpour of rain that fell at noon today. The gutters in the streets were flooded and the crossings were impassable. As far as is known, no serious damage was done either last night or today in Rush county.

## CONTRACT LET FOR BIG ARCH

Commissioners Will Try to  
Prevent Wash-Outs on  
Circleville Pike

The county commissioners at their session today awarded the contract for the double concrete arch to be placed in the Circleville pike, between the race bridge and the White bridge, to Keller & Slifer, of Frankfort. The specifications call for two 45-foot spans. The bridge will be 100 feet long. The arch will be built for the purpose of preventing that part of the road from being washed out by the spring floods each year.

In Singar, in the Malay archipelago, two bottles are placed neck to neck, and sand is put in one of them, which pours itself into the other each half hour, when the bottles are reversed. On a line nearby are hung twelve rods, marked with notches, from one to twelve. The whole arrangement is in charge of an attendant, who sounds the hours on a gong.

## PASSES THROUGH DEATH'S PORTALS

Mrs. Lina Redenbough, of Gowdy  
Dies After Long  
Illness.

Mrs. Lina Redenbough, wife of Elmer Redenbough, of Gowdy, died at six o'clock this morning at her home in that place, after an illness of several months. She was thirty-five years of age and was a daughter of P. J. Waggoner. She was a niece of Mrs. A. P. Waggoner and Mrs. W. T. Simpson, of this city. The funeral service will be held at Gowdy at 10 o'clock Thursday morning.

## MURDER NEAR BROOKVILLE

Franklin County Youth Shoots  
Brother-in-Law During  
Quarrel Over Money

Brookville, Ind., August 7.—At Pepertown, eight miles southwest of this place, August Lawrence, eighteen years old, shot and killed Joseph Engelhart, forty-five years old, at the latter's home, Sunday morning. The men were brother-in-laws, and had frequently quarreled over money matters. Sunday the quarrel was renewed, and young Lawrence pulled a 32-caliber revolver and fired a bullet into Engelhart's head. The injured man died an hour later.

After the shooting Lawrence hid his revolver under a stone, and told the neighbors that a strange man who was hunting in that vicinity had killed his brother-in-law. Not much weight was given his story, however, and Lawrence was arrested and placed in jail in this city on the charge of murder.

Greensburg News: The Shamrocks and the Moscow team will cross bats at the fair ground at 2:30 Sunday afternoon. This ought to be the best game played by amateur teams at the fair ground this season. Halterman, the young pitcher, who pitches for the Shelbyville Grays, will be in the box for Moscow.

The Connerville Examiner in its notes on the Shelbyville-Connerville game Sunday says: "Windy" Morgan worked hard, and was plainly aggravated by some of the "bulls" of his comrades. "Windy" on one occasion forgot himself enough to plant the ball as hard as he could in Bosler's back when the latter was caught trying to score from third on an infield hit. He could not have hit "Boss" harder and it was probably just as well for "Windy" that the same opportunity was not presented to Bosler.

The Moscow Grays defeated the Morristown base ball club in a fast ten-inning game played on the Morristown grounds, Sunday. The score was 8 to 5, and the game was hotly contested from the time "play ball" was called until the last man was out in the tenth inning. Batteries, Moscow, Halterman and Tevis; Morristown, Yazel and Jackson.

Ed Carter and "Windy" Morgan, of this city, played with the Shelbyville team at Connerville, Sunday. Carter was at bat 4 times, but failed to get a hit. He made 3 put outs and one error. Morgan batted 3 times, made 1 hit, 9 put outs and 1 assist.

## NEW ROADS ORDERED IN NOBLE TOWNSHIP

The county commissioners today ordered the new pike constructed in Noble township, recently voted for at the special election.

## WILL WIND UP ITS BUSINESS

Receiver Has Been Appointed  
For the State Agency  
Company.

Because of Recent Notoriety  
Public Lost Confidence  
in Concern.

Indianapolis, Aug. 7.—George C. Hitt of this city has been appointed receiver for the State Agency company by James P. Baker, acting as judge pro tem for Judge Vinson Carter of superior court. Mr. Hitt is expected to wind up the affairs of the company. The appointment of a receiver was made after the pending suit for receiver filed by Ferdinand Winter, attorney for the insurgents or Frenzel interests, had been amended. This amended complaint stated that because of the recent notoriety and publicity with reference to the company the public had lost confidence in it; that suits for the cancellations of notes given for agency company stock were pending, and that as the business of the company was carried on now, at an expense greater than the income, an emergency existed.

John B. Elam, representing the board of directors of the agency company, said that his clients acquiesced in the receivership. Mr. Hitt was not in court and hence received no instructions. As attorneys for both sides agreed that the purpose of the receivership was to wind up the affairs of the company, there is no question that that will be his duty. The question of bond was not determined.

It was stated in the courtroom that the company had on hand about \$269,000 in cash. The par value of the stock that has been paid for in cash is about \$250,000, so that it seems that those who bought stock and paid cash for it will receive back the par value, \$25 a share.

However, those who bought stock paid a premium ranging from \$15 to \$35 a share, and it will be for the receiver to pay back as much of that as possible. The total premium payment in cash was about \$180,000. It will probably be some time before the matter is completely closed and payments made to the original investors. The receivership suit was fought to the very end by the officers of the State Life Insurance company.

The Rev. Frederick B. Stearns, of Indianapolis, formerly of this city, has been called to the pastorate of the Home Presbyterian church, Indianapolis. An enthusiastic and one of the largest representative congregational meetings ever held at the church, voted the call. The Rev. Stearns has been engaged on the field during the last month. For eight years he was pastor of a large church at Grand Rapids, Mich., and for three years had another charge in Michigan. He has been very actively engaged in evangelistic work for the last three years, in the synods of Indiana and Illinois. He has had great success.

The Rev. Stearns has accepted the

call so heartily extended from the con-

gregation through the session. He is

known as a forceful speaker, and a

spiritually minded man. The session

is much gratified at the cordial sup-

port given them by the congregation.

They feel well pleased because of the

fact that they secured a man so well

fitted in every way for work in this

field, so soon following the removal

from Indianapolis of the former

pastor.

## STATE ISSUES

Will Furnish the Dominant Note In the Coming Campaign.

Indianapolis, Ind., August 7.—Gov. Edward Hanly is confident that the Republicans will win or lose the fight in Indiana this year on state issues. Under the circumstances it is not very likely that the public will get an inkling as to whether the governor is a tariff revisionist or a "standpatter." It is suspected that he is not very deeply concerned about this matter now himself, as he is putting in all his spare time in preparation of political speeches to be delivered the last six weeks before the election, and practically everything he will say will have to do with his administration and what laws he desires enacted at the next legislature. Chairman Goodrich and other politicians believe that state issues will be paramount to everything else so far as the Republicans are concerned. Believing that it will be easier to interest the masses in local affairs than in the tariff, they will leave discussion of the latter to the congressional candidates and the Democrats. The Democratic leaders declare that there has been a great awakening of interest in the tariff question in this state. Particularly is this true in the cities and towns, they say. One of them said today that among the laboring classes in the cities there is a fertile field for tariff talk, as a majority of the laborers feel that they are not getting a "square deal." He asserted that the laboring classes are restless on account of the high cost of living and that they are convinced in their own minds that the prices of everything have gone up out of proportion to the advance in wages.

Governor Hanly, it is said, is preparing to present an array of figures that will show the people something of the inside of the plan followed by treasurers in lending the public funds and which will also convey an idea of the enormous profits they have obtained by use of the funds entrusted to their possession. It is said that he will be able to show that the county treasurers have on hand at all times \$15,000,000 and that about 75 per cent of this sum is either invested by them in their own schemes, loaned at a high rate of interest or deposited with some favorite bank at a profitable income. The governor has shown that he has a way of getting next to the misdeeds of public officials, and it is likely that he will be able to make a sensational presentation, leaving no doubt that the system ought to be abolished and the guilty officials punished if possible. Word has been conveyed to the governor that the treasurers will have a strong lobby at the next legislature to demand that the public depositories bill shall not apply to them and that it shall not take effect until their successors qualify.

It is said that the politicians who now feel that they will be in a position to "do things" in the next general assembly have decided that there shall be no new temperance laws enacted by that body. Representative Guirl of Clay county, who was one of the prime movers last session for the enactment of an amendment to the Nicholson law providing for township and ward remonstrances against applicants for retail liquor license, says that he will probably introduce a bill for a law placing the cost of a license at \$1,000. There is a very considerable sentiment favorable to a high license law, although the officers of the Anti-Saloon League are not agitating it. They want a strong law against "blind tigers" and a further amendment to the Nicholson law permitting the filing of county remonstrances. It seems to be the impression of the leaders of both parties, however, that there are enough good temperance laws on the books if they are properly enforced and that the liquor interests have been hit hard enough to last for a while.

Mayor E. J. Fogarty of South Bend is being boomed by St. Joseph and Elkhart county Democratic politicians for the congressional nomination of the Thirteenth district. B. F. Shively of South Bend had this delegation until within the last three days, when the question went out from the Democratic headquarters, "What do you think of Fogarty of South Bend for congress?" Many believe that Mayor Fogarty will be nominated by acclamation at the Plymouth convention.

**Bloody Tragedy on Street.**  
Cynthiamburg, Ky., Aug. 7.—Mrs. J. Brock, wife of a farmer, was killed by him in the street here. The couple had been separated owing to his jealousy, as she alleged, but met on the street and were walking together when he suddenly seized her with one hand, while with the other he plunged his knife into her body until she fell dying. He was arrested.

**Had a Right to Shoot.**  
Richmond, Ind., Aug. 7.—After a week's investigation, Coroner Markley has filed with the Wayne circuit court his verdict in the case of Edward C. Reed, shot and killed by Mrs. William Simcocke. The coroner says Mrs. Simcocke fired the fatal shots in defense of her home and self, and was therefore justified in resorting to extreme measures.

**Hungarian Charged With Murder.**  
Indianapolis, Aug. 7.—George Szalai, aged twenty-one, a Hungarian, is held at the police station, charged with the murder of a fellow countryman, Nicholas Gligore, who died at the city hospital as a result of knife wounds. The motive, it is believed, for the murder was robbery.

**The Thaw Case.**  
New York, Aug. 7.—District Attorney Jerome announces that he will personally conduct the prosecution of Harry K. Thaw, who is awaiting trial on a charge of having murdered Stanford White. When asked the date of the trial Mr. Jerome said: "The case will be called when it is ready and not a day sooner. Harry Thaw must take his chances with the other prisoners in the Tombs accused of murder in the first degree."

## STRIKE FELL DOWN

Russian Workmen Refuse to Respond to a Call to Cease Work.

## LEADERS ARE DISMAYED

They See the Failure of Their Efforts to Throw the Empire Into Industrial Confusion.

By the Arrest of Central Committee of Social Democrats the Revolution is Checked.

St. Petersburg, Aug. 7.—In the light of Monday's developments the general strike may almost be regarded as a fiasco. The summons to go out has met some response in Moscow, where the printers and the streetcar men and part of the employees of the gas, water and electric light plant quit work, but these are more than offset by the defections in St. Petersburg. An enthusiastic acceptance to the order to strike is nowhere recorded. Even in the Donetz mining district, where practically all the miners were already out, the factory hands declined to strike.

It is evident that the government has practically succeeded in crushing the organization of the strike leaders here. The central committee of the Social Democrats was captured and placed in prison and the greatest confusion prevails in the revolutionary camp.

The revolution may possibly yet be saved by the railroad men, but the central committees of the railroad men have not yet reached a final decision and up to the present time, in spite of the frantic efforts of the agitators, not a single important line of the empire is affected. Fifteen thousand employees of the government powder mills struck, but this was counterbalanced by the return of the men of the Westinghouse and other factories, who resumed work today.

The printers of St. Petersburg, instead of abandoning the strike entirely, have decided to print only one Liberal newspaper a day. This, however, really plays into the hands of the government, as the Novoe Vremya and the Svet, the two conservative journals, are wealthy enough to defy the union and resume publication tomorrow in unabridged form. The supporters on the Official Messenger joined the strikers, but they were at once replaced by military printers.

The organizers of the strike are in despair over the prospects of failure. Some already counsel calling the strike off in an effort to save prestige but the majority is waiting in the last hope for some action on the part of the railroad men.

Except for the dispersal of several minor gatherings by Cossacks and mounted police, St. Petersburg yesterday was almost quieter than in ordinary times.

## SITUATION GROWS ACUTE

No Dependence Placed Upon the Army

at Odessa.

Odessa, Aug. 7.—The troops here are showing unmistakable signs of unrest and the authorities are taking the most stringent measures to prevent a mutiny. Numerous patrols surround the military camp. No strangers are admitted there and the soldiers are watched incessantly.

Agents of export houses who are traveling through the country buying up corn report that the peasants are preparing for widespread disorders after the harvest. Sixty revolutionary agitators have left here for different villages. A police agent in whose pocket was found a list of twenty revolutionaries whom he had denounced, was killed here. One hundred and thirty local strikers were banished to remote provinces of the empire.

Steamer advices from Sebastopol say that fully 20,000 persons have left the city and the exodus is still in progress. Admiral Skrydloff, commander of the Black Sea fleet, the advice adds, is in an awkward dilemma.

He is afraid to remove the breechlocks from the fortress guns in case the crews of the warships mutiny, and at the same time he distracts the fortress artillerists. At the fortress and on the warships double staffs of officers keep watch with cocked revolvers in their hands.

**TERSE TELEGRAMS**

The statement that 300 of the Cronstadt mutineers have been executed is semi-officially denied.

Herbert H. D. Peirce, the newly appointed American minister in Norway, has arrived at Christiania.

Two engineers were killed in a wreck on the Panhandle road two miles outside of Pittsburgh.

The tenth annual convention of the American Osteopathic association is in session at Put-in Bay, Ohio.

Complaints that wheat is sprouting in the shock in the Southwest caused a strong tone in the Chicago wheat market.

Daniel B. Wesson, the famous revolver manufacturer, one of the wealthiest men in New England, is dead at Springfield, Mass.

Upward of twenty persons in New York city died from the heat Monday, and the hospital and police ambulances were kept more than busy, so numerous were the cases of prostration.

Depressed by ill-health, Major and Paymaster William B. Scofield of the regular army, son of the late Lieutenant General Scofield, U. S. A., retired, shot and killed himself in San Francisco.

Angered because his bride of three months announced that she would no longer live with him, Edward Cain a gunsmith, aged fifty years, shot and killed her on the streets of Erie, and then turned the weapon on himself.

## JUSTICE THWARTED

North Carolina Mob Would Not Wait for Law to Take Its Course.

Charlotte, N. C., Aug. 7.—A mob of 3,000 determined men shortly before 11 o'clock last night forcibly entered Rowan county jail at Salisbury, removed therefrom three of the six negroes charged with the murder of the Leverly family at Barber Junction on July 13, and lynched them. Nease and John Gillespie and Jack Dillingham, supposed to be the principals in that crime, were the victims of mob vengeance. The remaining negroes, Henry Lee, George Ervin and Bella Dillingham, were not molested and later in the night officers hurried them off to Greensboro.

**Officers Foil Would-be Lynchers.**

Tulsa, I. T., Aug. 7.—The lynching of the three negroes, Jackson, Murray and Howell, charged with the outrage and murder of Harry Priester, a boy, was probably averted by officers hurrying the prisoners to the federal jail at Muskogee. Eugene McQueen, prosecuting witness, was caught by a mob of negroes west of Tulsa, beaten into insensibility and taken to the woods west of Sapulpa, where he was left to die.

## Awaiting Identification.

Madisonville, Ky., Aug. 7.—There is great excitement here over the arrest of Joe Cushionberry, a negro, charged with criminally assaulting Miss Myrtle Fugate of the Free Henry Ford neighborhood, a few nights ago. The officers believe they have the right negro under arrest, and Miss Fugate will come here to identify him.

## FIST FIGHTS

Make the Proceedings of Teamsters' Convention Rather Lively.

Chicago, Aug. 7.—If early developments are any indication of what is to come there will undoubtedly be some lively times in the convention hall of the International Brotherhood of Teamsters before final adjournment. The fourth annual convention of this organization began here in a bewilderment of electioneering for the presidency, and so bitter did the feeling grow between the different factions that it was necessary to call the police to maintain order. The contending factions are headed by President P. Shea, who is seeking re-election, and Albert Young, former president of the organization. So bitter did the feeling become among the opposing delegates that two personal encounters took place on the stairway leading to the convention hall at 145 Randolph street. Several arrests were made, but all were released later on bonds.

Attacked by Head Hunters.

Manila, Aug. 7.—Renewed activity is being shown by the Pulajanes, 200 of whom surprised the police of Abuloy, Leyte, killing the ex-president of the village, three constabulary men and three policemen. On Cayagan Island, Major Crawford, in command of a detachment of United States troops, was ambushed by a party of head-hunters. Major Crawford, Captain Knauber and several of the soldiers were wounded by the arrows of the savages.

## Henderson.

Farmers are about all done threshing. The weather has been very fine for their work.

Wonder where all of our rains go? Some day our turn will come. We need it.

Andy Reidman, our butcher at Mays, has sold out and moved to Hartford City.

Charles Foster, of Ging, is improving slowly, after an illness of many days.

Elder Murray preached to a crowded house both morning and evening at Plum Creek, last Sunday.

We are sorry to lose our friend, Charley Meyer, as neighbor, but hope all changes are for the better. Come back and see us, Charles.

Howard and Noble Griffin, of Indianapolis, are spending a few days with their uncle and aunt, Mr. and Mrs. George W. Kemmer.

The funeral of Will Vanderment was largely attended last week at Raleigh. Elder A. W. Conner, of Lafayette met many of his old friends. We are always glad to see him back.

Curthy Waggoner and wife took dinner with Sam Newhouse and family last Sunday and attended church in the morning.

Will McMillin and family, Walter Smith and wife, of Rushville, Orlando Randall and brother Del, of Chicago, were picnicing along the banks of Flatrock last Friday. We don't know how many fish they caught, but don't think they had any trouble getting them home.

Those that attended the big dinner at the M. E. church at Raleigh last Sunday report plenty to eat and a nice time.

Misses Flossie Mitchell and Susan Peake, of Indianapolis, are spending a few days with Mr. and Mrs. George Meyer.

Ed Hood has sold his half interest of the Hood and Coin threshing outfit to Curthy Waggoner for \$1100.

The talk is now that Lowell Bell is going to move to Indianapolis and be a fireman on the railroad.

We never looked at a nicer crowd of young people than was seen at Plum Creek, Sunday night. Come again. You will be welcome.

Chester Hall now drives his own horse. Look out, girls, the next thing will be a new buggy.

James H. Hayes and wife entertained at dinner last Sunday. Elder Murry, Orlando Randall and family.

Ben Ertel will leave August 7th for Dakota, where he expects to invest if pleased with the country.

When contemplating a trip to Chicago why not combine a short Lake trip, with your railroad ride. This may be done for the same price for your ticket as via all rail, viz \$9.50 one way. If your trip is for either business or pleasure, and you are expecting to return within thirty days, you will be enabled to save \$2.95 on the round trip fare, or in other words your round trip ticket will cost you \$9.45, instead of \$12.40. ## Ashworth's Drug Store. The Busy One.

Not only might we as well keep our bodies cool, but also our heads cool when we go to buy things to wear. Is it not well during these "faking" days of commerce to deal during the reduction time with the store that tries to do the square thing the year round? Remember, if you get bit on a Suit or other things to wear that you must stay bit until you wear out the clothes you got—or give them away. Either is expensive. Is it not even better to give away snide clothes than to wear them? Good clothes makes that successful feeling. Legitimate stores, though, at this time of the year make legitimate reductions in prices of summer stuff. We haven't great many light weights in clothes and furnishings for your body left so we can yearly let these slide cheaply.

### CIGAR TALKS

How Thos. W. Lytle can Sell as Good a Cigar as the Chico for 5c.

"You want me to talk about cigars?" said Mr. Lytle of the City Drug Store to a Republican reporter.

"I think the better way is to let my cigars talk for themselves," he continued. "There is one cigar in our case, the "Wadsworth Bros.' Chico," which is doing a lot of talking, even shouting. I consider myself fortunate in getting the agency for it, as it is in reality equal to any 10c. cigar, and its costs only 5c."

"You see I buy it direct from the maker, and the middleman does not get any profit. At any rate, it is becoming the best seller in my case, and people who heretofore would have nothing but a 10c. or even 15c. cigar, ask for a Chico, and say they like it. Better try one yourself and see how good it is."
